

Intern Module API Documentation

This document outlines the required APIs for the Intern and Manage Interns modules. All data is currently mocked and needs to be replaced with real API calls.

Manage Interns Pages

1. /dashboard/management/manage-interns - Intern Management Dashboard

Component: `src/app/(dashboard)/dashboard/management/manage-interns/page.tsx`

Required APIs:

API Endpoint	Method	Component Usage	Purpose
<code>/api/status/</code>	GET	Line 53-60	Fetch overview statistics (<code>totalInterns</code> , <code>active</code> , <code>atRisk</code> , <code>onLeave</code> , <code>inactive</code>)
<code>/api/interns</code>	GET	Lines 62-113	Fetch paginated list of interns with filtering for table display
<code>/api/interns/stats</code>	GET	Lines 53-60	Fetch total points awarded stat card
<code>/api/status/</code>	GET	Lines 68-112	Get intern status for badge display (<code>ACTIVE</code> , <code>AT_RISK</code> , <code>ON_LEAVE</code> , <code>INACTIVE</code>)
<code>/api/interns/export</code>	GET	Line 173	Export intern data as CSV
<code>/api/reports/generate/</code>	POST	Line 178	Generate report for download

Query Parameters for `/api/interns` :

- `search` - Search by name or email
- `team` - Filter by team (Frontend Guild, Backend Guild, Design Guild, Mobile Guild)
- `status` - Filter by status (all, active, at_risk, on_leave, inactive)
- `page` - Page number for pagination
- `limit` - Items per page

2. /dashboard/management/manage-interns/intern-report - Weekly Report Generator

Component: `src/app/(dashboard)/dashboard/management/manage-interns/intern-report/page.tsx`

Required APIs:

API Endpoint	Method	Component Usage	Purpose
<code>/api/reviews/</code>	GET	Lines 30-58	Fetch weekly review responses for table display (<code>muid</code> , <code>full_name</code> , <code>team</code> , <code>week</code> , <code>tasks_completed</code> , <code>hours_committed</code>)
<code>/api/reports/generate/</code>	POST	Lines 73-85	Generate individual/team reports based on MUID or team name
<code>/api/teams</code>	GET	Lines 98-100	Fetch unique teams for filter dropdown

Intern Dashboard Pages

3. /dashboard/intern - Intern Dashboard

Component: `src/app/(dashboard)/dashboard/intern/page.tsx`

Required APIs:

API Endpoint	Method	Component Usage	Purpose
<code>/api/status/{intern_id}/</code>	GET	Lines 25-31	Fetch current intern's profile (<code>name</code> , <code>totalPoints</code> , <code>currentStreak</code> , <code>rank</code> , <code>activeStatus</code>)
<code>/api/status/{intern}/</code>	GET	Lines 33-69	Fetch recent ledger activity (<code>type</code> , <code>points</code> , <code>date</code> , <code>title</code>)
<code>/api/leaderboard/top</code>	GET	Lines 298-316	Fetch top interns for teaser card
<code>/api/status/{intern_id}/</code>	GET	Lines 85-93	Get active status for badge
<code>/api/status/{intern}/</code>	GET	Lines 85-93	Get submission history for dashboard

4. /dashboard/intern/timesheet - Daily Timesheet

Component: `src/app/(dashboard)/dashboard/intern/timesheet/page.tsx`

Required APIs:

API Endpoint	Method	Component Usage	Purpose
<code>/api/timesheets/mine/</code>	GET	Lines 23-40	Fetch timesheet history (last 14 days) for calendar display
<code>/api/timesheets/</code>	POST	Lines 163-222	Submit today's timesheet (<code>category</code> , <code>description</code> , <code>hours</code> , <code>blockers</code>)
<code>/api/timesheets/summary/</code>	GET	Line 132	Fetch streak count for streak card
<code>/api/timesheets/</code>	GET	Lines 23-40	Get calendar days with submission status

5. /dashboard/intern/weekly-review - Weekly Review

Component: `src/app/(dashboard)/dashboard/intern/weekly-review/page.tsx`

Required APIs:

API Endpoint	Method	Component Usage	Purpose
<code>/api/reviews/week/{week}/{year}/</code>	GET	Line 5	Get current week info
<code>/api/reviews/{id}/</code>	GET	Lines 89-107	Check if already submitted (isSubmitted check)
<code>/api/reviews/</code>	POST	Lines 76-87	Submit weekly review with all form data
<code>/api/teams</code>	GET	Lines 37-43	Fetch available teams for dropdown

6. /dashboard/intern/leaderboard - Leaderboard

Component: `src/app/(dashboard)/dashboard/intern/leaderboard/page.tsx`

Required APIs:

API Endpoint	Method	Component Usage	Purpose
--------------	--------	-----------------	---------

/api/leaderboard	GET	Lines 19-83	Fetch leaderboard data for podium and table (rank , name , team , points , streak , trend , avatar)
------------------	-----	-------------	---

Query Parameters for /api/leaderboard :

- period - Time period (week, month, all_time)
- search - Search by name or team

7. Weekly Review Form Component

Component: src/features/intern/components/weekly-review-form.tsx

Required APIs:

API Endpoint	Method	Component Usage	Purpose
/api/reviews/week/{week}/{year}/	GET	Line 54	Get current week info for display
/api/reviews/	POST	Lines 76-87	Submit the weekly review form
/api/teams	GET	Lines 37-43	Fetch teams for team selection dropdown

 Data Models

Intern Profile

```
{
  "id": "int_01",
  "name": "Alex Doe",
  "email": "alex.doe@example.com",
  "team": "Frontend Guild",
  "status": "ACTIVE",
  "streak": 14,
  "points": 1240,
  "rank": 3,
  "muid": "dev-1234"
}
```

Weekly Review Response

```
{
  "id": "1",
  "muid": "dev-1234",
  "full_name": "Alex Doe",
  "team": "Frontend",
  "week": "W13 2026",
  "tasks_completed": "Built dashboard UI",
  "hours_committed": "40"
}
```

Timesheet Entry

```
{
  "id": "ts_01",
  "internId": "int_01",
  "date": "2026-05-12",
  "category": "frontend",
  "description": "Built dashboard UI",
  "hours": 8,
  "blockers": "",
  "status": "submitted"
}
```

Weekly Review Submission

```
{
  "fullName": "Alex Doe",
  "muid": "dev-1234",
  "email": "alex.doe@example.com",
  "team": "Web Dev",
  "isOnLeave": false,
  "tasksAssigned": "Build user profile page",
  "tasksCompleted": "Completed profile form and API integration",
  "worksDone": "PR #45 merged",
  "hoursCommitted": "40",
  "blockers": "API rate limiting issue",
  "leaveDays": "No leaves taken"
}
```

Authentication

All APIs require authentication. Include the auth token in the Authorization header:

```
Authorization: Bearer <token>
```

Status Enum Values

Component	Status Values
Intern Status	ACTIVE , AT_RISK , ON_LEAVE , INACTIVE
Timesheet Status	submitted , missing , pending , exempt
Trend	up , down , same

Page to API Mapping Summary

Page	File	Primary APIs Used
/dashboard/management/manage-interns	src/app/(dashboard)/dashboard/management/manage-interns/page.tsx	/api/status/ , /api/interns , /api/reports/gene
/dashboard/management/manage-interns/intern-report	src/app/(dashboard)/dashboard/management/manage-interns/intern-report/page.tsx	/api/reviews/ , /api/reports/gene

/dashboard/intern	src/app/(dashboard)/dashboard/intern/page.tsx	/api/status/{inte /api/leaderboard/
/dashboard/intern/timesheet	src/app/(dashboard)/dashboard/intern/timesheet/page.tsx	/api/timesheets/m /api/timesheets/ , /api/timesheets/s
/dashboard/intern/weekly- review	src/app/(dashboard)/dashboard/intern/weekly- review/page.tsx	/api/reviews/ , /api/teams
/dashboard/intern/leaderboard	src/app/(dashboard)/dashboard/intern/leaderboard/page.tsx	/api/leaderboard
Weekly Review Form	src/features/intern/components/weekly-review-form.tsx	/api/reviews/ , /api/teams
